

# MAX ELIMINATOR

## MAX ELIMINATOR PRODUCT OVERVIEW

### NSF Registered All Purpose Cleaner-Degreaser

Achieve the highest level of best practice cleaning with Max Eliminator.

This liquid-based formula is ideal for both hands-on and power-wash applications within food-related facilities and transport vehicles. Max Eliminator quickly and effectively degreases and cleans with ease. It removes buildup from baked, burned-on food, wipes away smudges on stainless steel and effortlessly cuts through grease, oil, and dirt. Max Eliminator is perfect for cleaning any type of transport vehicle involving food cargo. It's also effective for cleaning every type of conveyor belt system.

This highly versatile cleaner-degreaser conquers it all and leaves no toxic residue behind. That means no special gloves, no eye protection, no eye wash stations and – best of all – no worries. Max Eliminator is NSF-White Book Registered and clears FDA standards for oral toxicity. Meets and exceeds all regulatory guidelines for personal and environmental safety.

Under general NSF guidelines, any and all water-based cleaning products must be rinsed with potable water.
