

# Yellow Magic<sup>®</sup> 7

## YELLOW MAGIC<sup>®</sup> 7 PRODUCT OVERVIEW

### NSF Registered Ink & Coatings Cleaner

#### Features:

- **Environmentally safe** - Compliant with California Clear Air & Water Rule 1171 - 0% VOC.
- **REACH/SVHC Compliant** - Compliant with the European REACH regulation.
- **Non-flammable** - Can be disposed of as ordinary garbage (not a Hazmat like other cleaners). Because Yellow Magic<sup>®</sup> 7 does not pose a risk for fire hazard (see SDS section 5: fire-fighting measures), wipes or rags can be disposed of as ordinary garbage. Simply filter Yellow Magic<sup>®</sup> 7 through 50 micron screen to take out contaminants before disposing.
- **Zero swelling** - The Graphic Arts Technical Foundation (GATF) testing on rubber surfaces found that Yellow Magic<sup>®</sup> 7 caused 0% swelling.
- **Manufactured in America.**

#### Clean safely and minimize press downtime!

Bradley Systems now offers Yellow Magic<sup>®</sup> 7, the NSF Registered Ink cleaner essential for printing human and pet food packaging. Water-based, VOC-free and non-Hazmat, Yellow Magic<sup>®</sup> 7 safely cleans everything on a press! Because Yellow Magic<sup>®</sup> 7 works well across several applications including both waterbased and UV-based inks, it minimizes costly press downtime.

Yellow Magic<sup>®</sup> 7 is ideal for use in food packaging manufacturing for compliance and audits.

The Yellow Magic<sup>®</sup> 7 liquid cleaning solution has been proven in the field for effective and efficient performance. Now, we also offer this formula with the convenience of a wipe. Yellow Magic<sup>®</sup> 7 Press and Workstation Wipes are perfect for quick spot cleaning; or detail cleaning tasks.

## YELLOW MAGIC® 7 SPECS & APPLICATIONS

### Applications:

- Flexo UV and water-based inks.
- Coatings & Varnishes from surfaces such as rubber, plastic, stainless steel alloys, photopolymer plates, Anilox rollers, cement floors, rugs and other cloth materials.
- Simple and quick-to-use, minimizing costly make-ready time in between jobs.
- Can also be used for other cleaning purposes such as painted or varnished surfaces, and Anilox rollers on coating units (aqueous). Pre-testing is recommended prior to using on these applications.
- Yellow Magic® 7 is terrific when used in an Ultrasonic cleaning machine or in a parts washer. Yellow Magic® 7 can be used heated or not. It can even clean cement floors.

### Usage Directions:

- May be used as a spray and wipe.
- Yellow Magic® 7 is to be used at 100% ready-to-use strength.
- Ideal for use in Food Packaging Manufacturing!
- After usage, always rinse with potable water.
- Parts Washer/Ultrasonic Cleaning – Immerse in Yellow Magic® 7 for a 1-30 minute period. Remove parts from the cleaner. If necessary, gently scrub with a stiff plastic or brass brush as quickly as possible. Rinse the parts in clear water, let air dry, or dry with a cloth or paper towel.

### Available Configurations:

-  Wipes (case of 6 containers- 72 wipes per container)
-  1-gallon (case of 4)
-  5-gallon container
-  55-gallon drum\*
-  55-gallon drum refill
-  275-gallon tote\*

\*Available ready-to-use or Enviro-Shipped (concentrated formulation)
