

Yellow Magic®

YELLOW MAGIC® PRODUCT OVERVIEW

Flexo & UV Based Ink Cleaner

Features:

- **Environmentally safe** - Compliant with California Clear Air & Water Rule 1171 - 0% VOC.
- **Non-toxic**
- **Non-flammable** - Can be disposed of as ordinary garbage (not a Hazmat like other cleaners). Because Yellow Magic® does not pose a risk for fire hazard (see SDS section 5: fire-fighting measures), wipes or rags can be disposed of as ordinary garbage. Simply filter Yellow Magic® through 50 micron screen to take out contaminants before disposing.
- **Zero swelling** - The Graphic Arts Foundation (GATF) testing on rubber surfaces found that Yellow Magic® caused 0% swelling.
- **Manufactured in America.**

Just Spray and Wipe!

Bradley Systems offers Yellow Magic®, a non-Hazmat, environmentally safe cleaner. Yellow Magic® is currently being used by leading ink companies, label printers, cup manufacturers, paper bag companies, and more - all across the world!

This water-based cleaner can safely clean virtually everything on a press. Yellow Magic® is terrific when used in an Ultrasonic cleaning machine or in a parts washer. It can even clean cement floors.

Because Yellow Magic® works well across several applications, including both water-based and UV-based inks, you can reduce the cleaning time in between jobs - which means less costly downtime.

YELLOW MAGIC® SPECS & APPLICATIONS

Applications:

- Flexo UV and water-based inks.
- Coatings & Varnishes from surfaces such as rubber, plastic, stainless steel alloys, photopolymer plates, Anilox rollers, cement floors, rugs and other cloth materials.
- Simple and quick-to-use, minimizing costly make-ready time in between jobs.
- Can also be used for other cleaning purposes such as painted or varnished surfaces, and Anilox rollers on coating units (aqueous). Pre-testing is recommended prior to using on these applications.

Usage Directions:

- Yellow Magic® cleaners are to be used at 100% ready-to-use strength and may be used as a spray and wipe.
- General cleaning – Can be disposed of as ordinary garbage (not a Hazmat like other cleaners). Because Yellow Magic® does not pose a risk for fire hazard (see SDS section 5: fire-fighting measures), wipes or rags can be disposed of as ordinary garbage. Simply filter Yellow Magic® through 50 micron screen to take out contaminants before disposing.
- Parts Washer/Ultrasonic Cleaning – Immerse in Yellow Magic® for a 1-30 minute period. Remove parts from the cleaner. If necessary, gently scrub with a stiff plastic or brass brush as quickly as possible. Rinse the parts in clear water, let air dry, or dry with a cloth or paper towel.

Available Configurations:

-  1-gallon (case of 4)
-  5-gallon container
-  55-gallon drum*
-  55-gallon drum refill
-  275-gallon tote*

*Available ready-to-use or Enviro-Shipped (concentrated formulation)
