

RTX-3

CAR WASH SOAP

RTX-3 PRODUCT OVERVIEW

Car Wash Concentrate With Rinse Aid

Features:

- High-foam with "fast breaking" suds
- Effectively lubricates brushes with each wash
- Built in rinse-aid
- Pleasant fragrance

Not your average car wash soap! RTX-3 is specifically formulated for the automotive cleaning professional.

Designed for non-consumer-operated applications, we skipped the added fluff of aesthetics-only-super-suds in favor of a power product that lubricates brushes with each wash and keeps your equipment running at optimal performance. With the addition of our built-in rinse aid, you have less spotting issues. Cars come out with a can't-be-beat sheen.

Use our **RTX-3** as a "bucket" wash and diluted up to 500:1 in Wash Tunnels. High concentration = lower cost per car.

Available as part of our Enviro-Ship program:

- Innovative "small footprint" way to refill 5-gallon pails, 55-gallon drums, and 275-gallon totes
- Packaging is 100% recyclable
- Save on shipping costs
- Reduced need for inventory space
- Eliminate empty drum disposal costs

Lower your costs and increase your productivity with **RTX-3**. Order yours today!

RTX-3

CAR WASH SOAP

RTX-3 SPECS & APPLICATIONS

Applications:

- Corporate rental car facility car washes
- Industrial car washes
- Hand wash operations

Usage Directions:

Bradley's RTX-3 can be used in an automated car wash facility or in a hand washing operation. If RTX-3 is used in an automated car wash facility, it can be diluted up to 500:1 through a metering system, depending on outside temperature, humidity and water quality. If RTX-3 is used in a hand washing operation, add a half inch of RTX-3 to the bottom of a five gallon bucket and fill the remainder with water.

Available Configurations:

-  32 oz bottle (case of 12)
-  1-gallon (case of 4)
-  5-gallon pail starter kit*
-  5-gallon pail refill (case of 4)
-  55-gallon drum*
-  55-gallon drum refill
-  275-gallon tote*

*Available ready-to-use or Enviro-Shipped (concentrated formulation)
